

# ACCIDENT REPORT

## Stop Press:

### BLOOD

A mobile unit is to visit our works from the Newcastle Hospitals—their stocks of blood are running low.

If you have not already done so, send in your name as a donor; it's not too late.

The drawing of blood takes only a few minutes, and you'll feel better for it, too.

This is an ideal opportunity to assist this praiseworthy cause.

	No. of Accidents	Lost Time Accidents
Acid . . . . .	1	1
Cement . . . . .	3	—
Super . . . . .	1	—
Yard . . . . .	—	—
Engineers . . . .	9	1
Colliery . . . . .	1	1
Dredge . . . . .	—	—
	15	3

Frequency Rate: 5.6 (previous 4.6).

Severity Rate: 883 (previous 575).

To further our policy of accident prevention and good housekeeping, more use of our BE TIDY bins should be made.

Avoid the practice of throwing scraps of food, papers and other rubbish around. Cleanliness is akin to safety.

STEVE BELL, Secretary,  
Accident Prevention Committee.
