

DEPARTMENTS

Bill Fahey and **Roley Hughes** will soon be able to give all the soccer results, both are staunch **Wallsend** followers.

At this time of the year the **North Coast** fishing resort of **Tuncurry** seems to draw like a magnet. **Mick Kedwell**, **Mel. Jones** and **Kev. Jones** all holidayed there and **Bert Fogo** went up for one week-end. Yes, plenty of fish were caught—that is, until **Bert** arrived—his catch, 1 whiting (must have been a stray)!

From all reports the **Boiler Shop Band** has been at it again! At the **Electrical Dept's.** send-off to Foreman **George Brailey** last month, the boys arrived after 10 p.m. and for the rest of the evening contributed much to the entertainment of the function.

FERTILIZER

For the second consecutive number we have no news from the **Fertilizer Dept.** Those fellers up there are so busy churning out and despatching super that it seems the only thing they have time for just now is work!—Correct “Z”?

WHOA! — HOLD ON!! STOP EVERYTHING. AT THE ELEVENTH HOUR, JUST AS THIS COPY WAS READY TO GO TO THE PRINTERS, WE RECEIVED THE FOLLOWING—OH WELL! THEY SAY BETTER LATE THAN NEVER.

FERTILIZER — by “Z”

If **L. K. (Abbo) Grace** would quit complaining now that he is off No. 7 Mill, it might give his hair a chance to grow.

Please don't ask **Len Brasington** what the definition of rhino-money is!

We have **Frank Storey** from the **Acid Plant** here for a while. **Frank** is relieving Superintendent **Roy Filmer** who is on holidays and making a trip to **Adelaide** with his wife and later, a jaunt up among the big 'uns and little 'uns at **Seal Rocks**.

ELECTRICAL

We are sorry to report that **Cyril Cartledge** is still away ill and it looks as though it will be some time before he will be fit enough to return to

VISITORS

We have had quite an influx of visitors since our last issue and have welcomed to the Works:— Our Managing Director, **Mr. F. S. Anderson**, also **Mr. G. W. Hills**, recently appointed Chief Engineer **C.Z.P. Ltd.**, **Mr. H. F. Melouny** and **Mr. F. H. Eggleston** of **Melbourne Office**; **Mr. R. Dorling**, Chief Engineer, **Mr. R. R. Emery**, Elect. Engineer and **Mr. K. L. Brearley**, from the **Adelaide Chemical and Fertilizer Co. Ltd., S.A.**; **Dr. Pickering**, Officer in Charge Research, **E.Z. Co. Ltd., Tasmania**, **Mr. G. H. Bannister**, **C.Z.P. Ltd.**, Engineering Staff, **Melbourne Office**; and from **Australian Fertilizers Ltd.**, **Mr. J. Carr** and **Mr. T. Mackay** of their technical staff and **Mr. J. Batty**, Training and Safety Officer.

work. All the boys send their regards and best wishes, “Cy” and trust that you will keep “sparking” along the road to better health.

It won't be safe to speak loosely of stones, ores and the like around the shop shortly as **Percy Beacher** and **Harry McGovern** are both doing a Mineralogy course at **Newcastle University of Technology**. Should come in handy on the prospecting expeditions!

Les Means has just returned from holidays. **Les** spent the time on a tour of the Southern portion of **N.S.W.** and
