speaks for itself — Safety First

**Dick** packed caravan with gear and journeyed to Port Macquarie to take in the sights and, no doubt, indulge in a spot of fishing and the like . . . On the other hand we have a tale of woe—**Perce Brown** all set to enjoy his break, was smitten with an illness and spent his holidays at home, sick!

The way they are going it might be a good thing for Sulphide Welfare Cricket Club to conscript **Bernie Berthold** into their ranks. From what we have been told he couldn't see past sixes recently!!

Several of our members, **Harry Esler**, **Andy Fotheringham**, **Mick Maxwell** and **Gerry Roberts** are, from the look of things, taking their bowls seriously this season, taking their bowls seriously diligently "rolling them up" on the green after work . . . To give you a slant on the deadly earnestness of the boys' intent, **Andy** claims that noises emanating from the precincts of the bowling green should be suppressed and quietness reign when a man is bowling, as these sounds break his concentration . . . oh brother!!!

Sulphide Welfare Cricket Club is not doing so well in this year's competition, and neither for that matter, is **Joe Robertson** apparently. We haven't heard any reports of good performances with the ball by **Joe** as yet . . . Perhaps old age is catching up.

## BUILDING

Carpenters are used to being "in a jamb" we know, but we do think that **Jack Elliott** was carrying things a little too far when he was using **Bob Nettle's** toes as a fulcrum to lever up platform boards at No. 4 Mill recently! . . . To those within earshot and not knowing the cause, **Bob's** cries of "Jackie, Jackie!" sounded like a welcome to an aborigines' convention!

To **Bill Thomas** of the Concrete Gang we extend our heartfelt sympathy on the death of his wife recently, and also to **Jack Elliott** on the loss of his mother.
