New 'Heart Start 3000' Defibrillator for Boolaroo Ambulance Station

Sulphide has pledged \$12,000 for a 'Heart Start 3000' defibrillation module for the Boolaroo Ambulance Station. The station has provided prompt and professional attention when our employees have been in need of their services and we are delighted to assist with the purchase of a machine which will greatly benefit our local community with its life saving capabilities. A cheque was presented to a representative of the Ambulance Station on Wednesday 24 October.

PROTECT YOUR HEARING

Hearing loss due to noise can affect everybody. It is -

SLOW

PAINLESS

and PERMANENT

Being permanent it CANNOT be cured

However it can be prevented by using the correct hearing protection device

There are two types of ear protectors - EAR MUFFS or EAR PLUGS

The best hearing protector is the one that is worn when required.

Safety Poster Competition

We are holding a safety poster competition for all employees. We want you to design a poster on any matter concerning safety, health or hygiene.

Closing date for the competition is 30 November 1990 and entries should be addressed to:

Drawings should be at least 250cm by 250cm in black and white or colour.

Safety Poster Competition
John Griffiths
Manager - Sintering

The best four entries will receive a prize of \$150 and these will then be printed as safety posters around the site.
