
ACADEMIC ACHIEVEMENTS

Peter Davis commenced with Sulphide in December 1978 as an indentured fitter and turner.

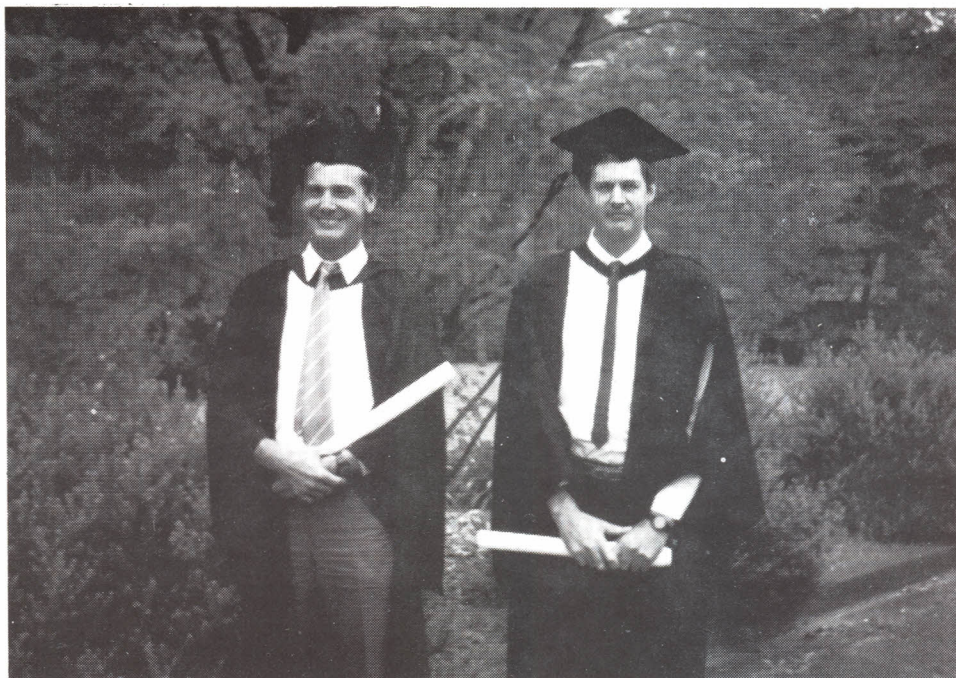

He completed his Mechanical Engineering Certificate at the end of 1981 and his indentures in 1982.

He commenced his Mechanical Engineering Degree at Newcastle University at the start of 1981, concurrent with his final certificate year.

Peter recently attended his graduation ceremony where he received his Bachelor of Engineering (Mechanical Engineering) Honours Class II.

In his final year Peter won the Spruson and Ferguson Prize for Innovative Project reports.

Peter has commenced his Masters Degree.

Peter Davis and Brennan Borserio

Brennan Borserio commenced employment with Sulphide in December, 1980 as an indentured fitter and turner.

He completed his Mechanical Engineering Certificate and indentures at the end of 1984.

In 1986 Brennan commenced his Engineering Degree and graduated in 1991 as Bachelor of Engineering (Mechanical Engineering) Honours Class II. His major thesis was a study relating to a forehearth design.

John Manning was employed in January, 1992 as a graduate from the University of New South Wales.

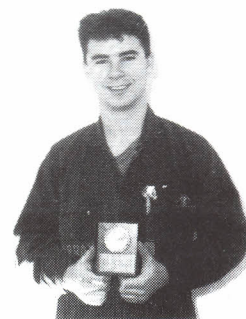

John had a fine achievement at the University of NSW. He obtained first class honours in his Bachelor of Metallurgical Engineering. He also won the Western Mining Corporation Prize, Broken Hill Proprietary Company Prize and The Welding Technology Institute of Australia Prize.
